## Just as Important

as the clothes you wear is the stationery you write upon. A well-dressed man commands attention and respect; so does a well-dressed letter. And the difference in price between the best stationery and the ordinary kind is so slight that anyone can afford to have his stationery well dressed.

By the BEST stationery we mean the kind "Made in Berkshire" by **Eaton, Crane & Pike**

We know there is no other kind so good. After using a box of it you will agree with us. This line comprises box papers ranging in price from 25c to 85c a box. A stronger line of Box Papers never shown before in the city. All we ask is an inspection.

Both high and low cuts \$3.50 and \$4.00. Shoes to close per pair at \$2.00.

This sale started Friday morning and so far have not had help enough that could show Shoes to wait on the trade.

Who can blame the ladies for saving half of their shoe money and especially just a few days previous to Easter?

Regal Shoes always have the price stamped on the shank of each Shoe so that you can tell when you have \$3.50 or a \$4.00 Regal Shoe. Every penny below that price is a loss to us either in profit or first cost of the Shoe.

We have so many things that are new to sell for Easter, that we cannot spare any more space to Shoes. If you have a Shoe want, buy the best that your money will buy and that at this closing out sale at \$2.00.
